THERE IS A PROFOUND DIFFERENCE between becoming old and aging consciously. This retreat is for people over 50 who anticipate their later years as a deepening life stage of growth, purpose and service. It will provide a dynamic experiential introduction to conscious aging and the inner work vital to the emotional and spiritual growth and development of an engaged elder. Conscious Eldering: Aging with Intention and Passion weaves together a powerful set of processes—including life review work, exploration of legacy, ceremony and reflective time outdoors. This retreat will help you identify and release old patterns and identifications that no longer serve you and open you to new possibilities for your life.
